metalwo@metalwo.dk
www.metalwo.com

Declaration: REACH, (registration, evaluation, authorization, and restriction of chemical substance)

With this document, we hereby confirm that all products supplied and manufactured by Metalwo comply with standards of:

EU REACH (EC) 1907/2006, including SVHC candidate list up to the 17th of January 2023 (223 substances)

Ensuring that all chemical legislations are taken into account throughout any process conducted by Metalwo. The above standing declaration is based on all available information from our current suppliers it is deemed valid until further notice.

Customers may request a detailed list of any individual product supplied by Metalwo A/S however, please note that retrieving such information requires extensive manual as well as analytical work from our employees which are not a part of the mandatory nor expected obligation following the legislation.

For this reason, Metalwo A/S charges a service fee of DKK 820,00 / EUR 110.00 per investigated part number. If the customer wishes to proceed with the investigation, please provide our Chief of Quality and Development, Mr. Claus Grøn-Nielsen, with a list of the specific part numbers and forward this to CG@metalwo.dk along with an authorized purchasing order issued to cover the fee.

We appreciate your understanding on this matter and looking forward to continuing our great collaboration in the future. If you have any questions regarding the current policy statement, please contact metalwo@metalwo.dk.

Kind Regards

Metalwo A/S
